DISCUSSION QUESTIONS:

- 1) What has gone well in previous Bible reading or study? What has surprised you?
- 2) What has been difficult in previous Bible reading or study?
- 3) In the message, Steve said that the most effective Bible study is to move from content study to context study and the move from literal study to literary study. What does this mean to you?
- 4) Steve also said we read not to seek answers but to seek mystery and wonder. What is your take on that?
- 5) Steve said that spiritual growth isn't always as mysterious as we make it. Time plus money plus hunger equals a context for growth. What can you do to put a bit more time and/or money into your Bible reading?
